

Year 9 and 10 Brunel University STEM Trip

On Tuesday 31st January, students in Years 9 and 10 visited Brunel University to participate in a STEM event organised by the Global Challengers Group. The group presented the core underlining issues affecting the world according to planetary health, global innovation, security and social cohesion. The students were reminded through various activities with robots and practical building resources that the multifaceted, evolving problems of the world require innovative solutions based on transdisciplinary research and application.

The highlight of the trip was when students used simple coding and tablets to manipulate robots in groups and step into the life of an astronaut in a specially created dome which amplified and explained all aspects of the astronaut's career and all the technology used in training and job execution. It was an insightful day for students and staff alike!

Upcoming Enrichment Week

Please be reminded that Monday 6th February through to Friday 10th February is Enrichment Week. Students in Years 9, 10 and 11 will be invited to attend Intervention/Enrichment Sessions if they need to catch up on coursework or need any other support. Letters will be sent home to parents, guardians and carers, informing them of what the week will entail. If you have any questions or require any further information, please do not hesitate to contact the College on 0208 573 2097.

British Science Week

British Science Week will take place from Friday 10th Sunday 19th March 2023, to celebrate all subjects related to Science, Technology, Engineering and Mathematics (STEM).

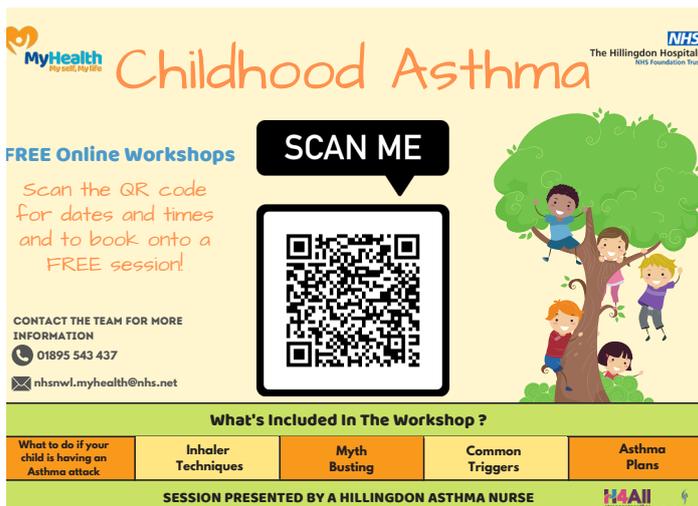

There are lots of ways in which you can get involved, through completing activity packs, designing a STEM poster and by recognising and celebrating people's career achievements in the field of science and engineering. For more information, please click on: [\[https://www.britishtscienceweek.org\]](https://www.britishtscienceweek.org).

Global Recycling Day

On Thursday 18th March, the world will come together to celebrate Global Recycling Day; a day dedicated to recognising the importance recycling plays in preserving precious resources and securing the future of our planet.

Absence Reporting

In the event of your child being unable to attend college, please contact the main reception on 0208 573 2097 before 8:00am. In order for the College to ensure that all students are properly safeguarded, it is important for you to follow this procedure for every day your child is absent. The only exception to this is for extended periods of illness where the period of absence is explained in a note from your child's doctor or hospital. The College is required to account for all absences so please ensure your child brings a letter that verifies the reasons for their absence on their return to college.

Quote of the Week

'Dreams are lovely. But they are just dreams. Fleeting, ephemeral, pretty. But dreams do not come true just because you dream them. Its hard work that makes things happen. It's hard work that creates change'.

Shonda Rhimes
