

Mathematics Week at Parkside

On Friday 19th November, the Army Engagement Team visited Parkside to engulf students in a Science, Technology, Engineering and Mathematics (STEM) challenge to culminate the Mathematics Week celebrations for 2021!

They donned their uniforms and brought with them, MTA kits which entailed more than 100 pieces of bolts, clips, wheels, rubber bands, poles and reinforcing strips which were to be used for the building of a self-propelled car.

Students worked together in teams and brainstormed ideas about how they could use their Engineering, Mathematical and Scientific skills whilst looking at different ways in which they could assemble the cars in order for them to move. At the end of the session, the students took their vehicles out into the College car park to put their designs to the test! All students commented on how interactive and enjoyable the session was.

Update on Face Masks

We have reviewed the current circumstances regarding face masks in line with the recent government guidelines and will be proceeding with the approach informed by the government and the World Health Organisation (WHO).

The health and safety of our students and staff are of paramount importance. Thus, we would like to reiterate the importance of all students being highly recommended to wear face masks in all communal areas of the College campus as well as on public transport and the minibuses. This measure has been implemented to reduce the risk of coronavirus (COVID-19) transmission and will provide yet another layer of reassurance to students, families and staff, and build on the stringent measures already implemented around the site. Further information can be found on the letter that was distributed on Tuesday 30th November or via (<https://bit.ly/32EXOTD>).

UPDATE ON FACE MASKS
