

Year 10 Nail Tech Practise!

Year 10 Hair and Beauty students have begun their manicure journey, with this week's focus on developing key functional skills. They learned how to soften cuticles correctly, an important step in achieving a clean, professional-looking finish.

To build confidence and precision, students practised using cuticle cutters on oranges. This safe and effective training method helps them develop control and accuracy before working on real clients.

From mastering techniques to maintaining excellent hygiene standards and paying close attention to detail, it has been fantastic to see their skills and confidence growing already.
